

RYE NATURE CENTER SUMMER ECOLOGY CAMP Scholarship Application

Through the generosity of community organizations and individual donors, we are able to offer full and partial scholarships to those with economic or other hardships. Scholarships are for one session of camp. Multiple children in a family may apply (attach separate form.) Scholarships are awarded without regard for ethnic origin, religion, or gender. They do, however, depend on available space in a given session/age group.

All applications are strictly confidential. The deadline to apply for a camp scholarship is May 15. Recipients are notified on or about May 22.

Please fill out the application below and send it to Rye Nature Center along with a letter explaining your financial need and your most recent W-2 form.
